Shenzhen, China

The Sound Studies Group and Materialities **Research Group are looking for 1 Intern/ Research Assistant/Visiting Scholar**

Responsibilities

Executive Assistant for a project that explores the material, sonic, and digital ecologies of the city through a methodology of speculative design and interdisciplinary approaches. The project is based on a large data collection which is yet to be represented and interpreted. The executive assistant will closely work with the team leaders, with the larger team, and develop content and curate media.

Tasks

- Digital Media Production.
- On-Site and In-Studio Photo and Video Documentation.
- Digital Media Post-production and Editing.

Qualifications

- Previous experience documenting design research and creative/ artistic practices.
- High proficiency in English (written & spoken). The working language is English.
- Pro-active personality and curiosity to learn.

Compensation

Compensation is according to the university standards.

Duration

Minimum six months (negotiable). The ideal starting date is March 2024. Applications will be reviewed on a rolling basis until the position is filled. The starting date is subject to mutual agreement. Full-time or part-time is possible.

Apply & Contact

To apply, please send a brief motivation and your CV (English) to both project leaders at once, Prof. Enza Migliore emigliore@sustech.edu.cn and Prof. Marcel Sagesser msagesser@sustech.edu.cn. Please specify which position you are applying for. For questions, do not hesitate to contact any of the two project leaders.
